Re: Gladstone Hollow Culvert Replacement Project

Dear Supervisor Donnelly:

Bids were received and opened by the Town of Andes on the above referenced project on April 29, 2009 for Contract No. 1 – General Construction. A total of nine bids were received as indicated on the attached summary.

We have reviewed both the Base Bids (concrete culvert) and the Deduct Alternate Bids (steel culvert). The steel culvert option does not offer a significant savings over the concrete and in some of the bids it was more. Given that the concrete culvert is expected to last significantly longer, we recommend that the Town award the project on the basis of the Base Bid.

The low bidder is Pierce Excavating, LLC of West Oneonta. We have reviewed the Bid Form, Bid Security and references submitted and have found them to be generally satisfactory. Therefore, we recommend that the Town of Andes awards Contract No. 1 – General Construction for the Gladstone Hollow Project to Pierce Excavating, LLC for the Total Lump Sum Price of \$97,580.12.

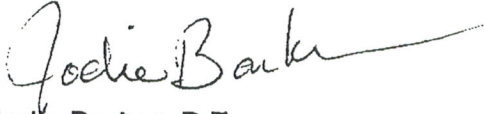

Please note that Engineering and Surveying services currently total \$16,640, and approximately \$4,000 is required to perform construction phase engineering services including review of submittals, pay requisitions and requests for information and limited construction observation. In addition, a construction contingency is generally allowed in the amount of 10% of the contract amount or \$9,758. With a total budget of \$100,000, the project will be approximately \$27,000 over budget. See attached budget summary for details.

Upon award of the construction contract by the Town Board, please sign all five (5) copies of the Notice of Award. Please retain one (1) signed copy of the Notice of Award for your records and return the remaining four (4) signed copies to my attention for distribution to the contractor.

Also enclosed for your records, please find a Bid Summary Sheet, the unsuccessful bid originals, and a bound copy of all bids.

Please call me if you have any questions or need any additional information.

Sincerely,

A handwritten signature in cursive script that reads "Jodie Barker". The signature is written in black ink and extends to the right with a long, sweeping underline.

Jodie Barker, P.E.
Project Engineer
